

How to Use Registration Renewal Stickers

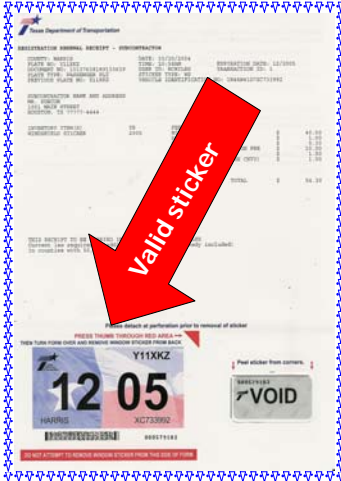

The Registration Renewal Receipt is designed to be used for two different types of stickers.

The *Windshield Sticker* is for vehicles such as *cars or trucks*.

The *Plate Sticker* is for *trailers and motorcycles*.

Please note the difference between the *Windshield Sticker* and the *Plate Sticker* on the vehicle registration receipt form.

The sticker printed with "VOID" is not needed. Please Discard.

A registration renewal receipt for a windshield sticker. The receipt includes fields for County, Model, Date, and Registration Fee. A red arrow points to the 'Valid sticker' area, which shows a sticker with the number '12 05' and the plate number 'Y11XKZ'. A 'VOID' sticker is also shown next to it.
